

Alternative Transportation Committee - Fall 2022

Introductions

- Name
- Position
- Current alternative mode of transportation you use OR which you are most comfortable using.

Committee Purpose

- The purpose of the Alternative Transportation Committee is to assist San Diego State University in identifying and prioritizing recommended opportunities to improve pedestrian, bicycling, transit and other non-single occupancy vehicle commute modes. It is our goal to provide members of the campus community equal access to mobility options and to help overcome barriers to its use. This Committee shall remain independent from existing campus parking committees.

Notes:

- Communication:
 - Transit Ambassador Program - we need to find better ways to educate our students about the programs on campus.
 - Do we want to get an intern?
 - Look into JMS student interns - Bruce was going to reach out to a friend and see if they could help/ have any recommendations
 - Video and media could be a better outreach format: TikTok and Instagram reels
- SD Bike Coalition is available for safety, maintenance courses
- We have seen an increase in personal e-bikes and e-scooters on campus. Students living on campus are not allowed to charge their devices in their dorms.
- TDM update will happen Fall 2023
